

AUTO SERVICE TECHNOLOGY

AUTO SERVICE TECHNOLOGY

Students taking the automotive program will learn and practice skills needed to enter in to the automotive field. Students that successfully complete the first year and who meet the criteria outlined by AYES and the AYES Business & Industry Council of the automotive program may qualify for a summer internship. In the second year the student who successfully completes the summer internship will return to school in the fall to three weeks of classroom/lab instruction. Then they will return to the automotive facility that the student interned at for three more weeks of on-the-job training for the last two blocks of each day. This continues the entire second year. This prepares students for entry-level service technicians, parts personnel and service advisors. Students meeting the qualifications set by the colleges (IVY Tech Community College, Vincennes University and other private post-secondary schools) we partner with may receive **dual college credit**.

Auto Service Technology 1 5510M

- **Recommended Grade Level:** 10-11
- **Recommended Prerequisites:** Successful completion of Algebra I
- **Credits:** 2-block class—2 credits per semester; 2 semester course; total of 4 credits

Auto Service Technology 2 5546M

- **Recommended Grade Level:** 11-12
- **Recommended Prerequisites:** Successful completion of Auto Service Technology 1
- **Credits:** 2-block class—2 credits per semester; 2 semester course; total of 4 credits
